The Honorable Charles E. Schumer

Dear Senators Cornyn and Schumer:

We are writing regarding the anticipated override of the president's veto of S. 2040, the Justice Against Sponsors of Terrorism Act (JASTA).

We appreciate the efforts that you have undertaken to allow the families who lost loved ones on September 11, 2001 to have additional recourse.

We have a great deal of compassion for the families and respect their desire for justice. We understand your purpose in drafting this legislation is to remove obstacles so those who commit or support terrorist acts in the United States face the full range of consequences of the U.S. legal system. However, concerns have been raised regarding potential unintended consequences that may result from this legislation for the national security and foreign policy of the United States. If other nations respond to this bill by weakening U.S. sovereign immunity protections, then the United States could face private lawsuits in foreign courts as a result of important military or intelligence activities.

We would hope to work with you in a constructive manner to appropriately mitigate those unintended consequences.

Sincerely,

Lowan Alexander
